

**UNIVERSITY OF SOUTHERN CALIFORNIA
USC SUSTAINABILITY
GREEN BUILDINGS ASSOCIATE
JOB ANNOUNCEMENT**

Position: **Green Buildings Associate:**
(10 hours per week)

Starting Date: **Fall 2017**

**Position
Description:**

The Green Buildings student associate works on several exciting programs including assessing buildings for LEED certification (with a focus on Existing Building Operations and Maintenance).

Duties include but are not limited to: assisting with LEED certification of the coliseum, evaluating other buildings on campus for suitability, organizing training workshops for campus staff, and aligning LEED credits with city and state ordinances.

All members of the USC Sustainability team are expected to support each other's projects, including some fall tailgate and Coliseum waste diversion efforts, earth month, garden workshops, and regular USC Sustainability programming.

Other duties as assigned.

**Preferential
Qualifications:**

1. LEED Green Associate
3. Excellent oral and written communication skills.
4. Ability to articulate and disseminate detailed information.
5. Basic knowledge of sustainability and sustainability practices on campus.
6. **Ability to meet deadlines a must**

Compensation: **This position starts at \$10.50/hr**

Application

Deadline: **Open until filled. Please submit your resume, to Halli Bovia, bovia@usc.edu**
